

Create beautiful, functional experiences

Alex Kiptoo

Software Developer

Work with me

Hi! I'm Alex Kiptoo

UI/UX Designer & Web Developer

I create Beautiful, functional digital experiences
that help brands connect with their audience

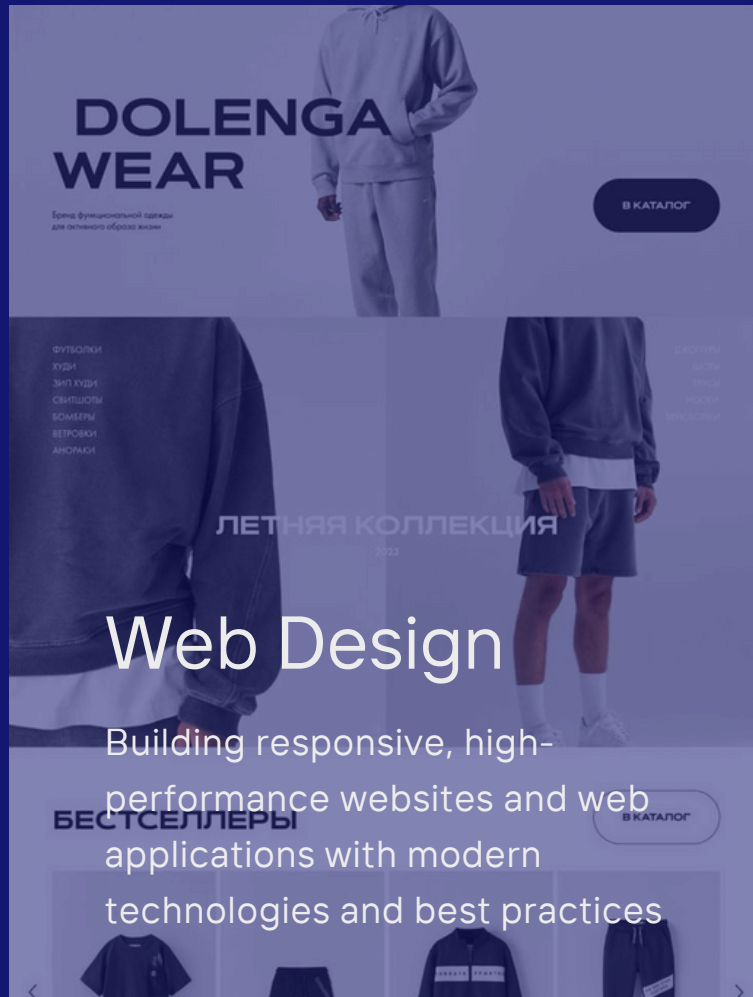

About Me

I'm a passionate UI/UX designer and web developer with a love for creating digital solutions for businesses and individuals. My approach combines aesthetic design with functional usability to create meaningful digital experiences. I believe that great design should be both beautiful and functional, solving real problems for users while delighting them with thoughtful interactions and visual appeal

[Work with me](#)

WHAT I OFFER

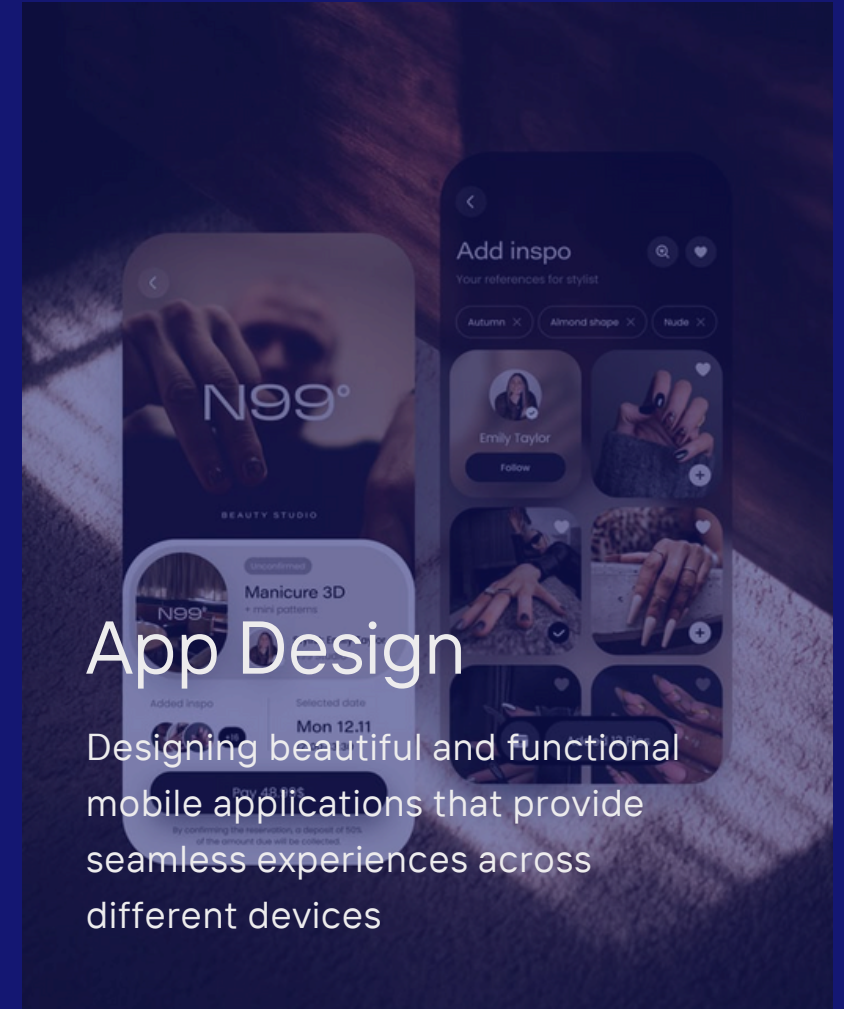

Web Design

Building responsive, high-performance websites and web applications with modern technologies and best practices

UI/UX Design

Creating intuitive and engaging user experiences with a focus on usability, accessibility, and aesthetic appeal.

App Design

Designing beautiful and functional mobile applications that provide seamless experiences across different devices

Let's collaborate.
